Adam Zatorski
Vice President
King Systems
11495 West 8th Avenue, Unit 104
Lakewood, CO 80215

Dear Adam:

Over the last few months, we have had the pleasure of working closely with King Systems in completing our wonderful new public conference room. While construction projects can be wearisome and stressful, the King Systems crew proved to be dependable, hard-working and incredibly good at creating a high-tech, user-friendly space for the Colorado Secretary of State's Office.

King Systems consistently delivers quality products and services to our organization. Cheryl Hodges, our office manager, and David Demers, in our IT Division, have both commented on King Systems' professionalism and responsiveness while installing audio/visual equipment in our office. We also appreciate King Systems' expert consultation ensuring we have the appropriate products to serve our needs. It is a pleasure to work with a company that has such high regard for its customers.

We hope to continue working with King Systems to complete various projects throughout the office. King Systems not only provides excellent service but training and onsite assistance as well. I know there were many times when you and your team went the extra mile to ensure projects were completed by promised deadlines. Regardless of the issue, King Systems has always responded to our staff with the highest professionalism.

Sincerely,

William A. Hobbs

William A. Hobbs
Deputy Secretary of State
